For 10 weeks we will Experience the Power of the Master Mind

A ten-week study that will change the course of your life! During the course of this **free**, dynamic, 10-week study, you will learn how to apply to your life the foundational principles of Napoleon Hill's number one selling book, "Think and Grow Rich!"

After being commissioned by one of the richest men in the world, Andrew Carnegie, to write the book, Napoleon Hill spent the better part of twenty years studying the lives of five hundred of the richest, most successful people who ever lived – people like Thomas A. Edison, Charles Schwab, Wilbur Wright, Marie Dressler, F.W. Woolworth, John D. Rockefeller, Alexander Graham Bell, and Henry Ford, to name a few. As a result, Hill came to the conclusion that there were sixteen, key principles that lead to success. "Think and Grow Rich!" teaches one how these successful individuals put into practice these invaluable tools to create wealth and prosperity in their lives.

This ten-week, in-depth study will afford you the opportunity to join forces and mastermind with a unique group of like-minded individuals who are focused on taking the results, in every area of their life, to a new level. Together, you will learn how to achieve your goals by understanding and implementing the doctrines of Faith, Desire, Autosuggestion, Mindpower, Imagination, Decision, Persistence, The Subconscious Mind, and How to Outwit the 6 Ghosts of Fear as taught by Napoleon Hill himself. The results will astound you as you watch the lives of your Master Mind group improve from one week to the next!

"When you begin to think and grow rich, you will observe that riches begin with a state of mind – with definiteness of purpose and with little or no hard work." -- Napoleon Hill
